PROFESSIONAL SUMMARY

Product Marketing Manager with 5+ years turning customer and field signal into product and GTM decisions at Microsoft. Managed 5,000+ annual customer feedback requests, lifting satisfaction to 4.9/5 with 30% YoY engagement growth, and led a pilot capturing real-world retail feedback that directly informed engineering's product design decisions. Skilled at translating insight into positioning, content, and roadmap input using Power BI, Dynamics CRM, and Azure DevOps.

SKILLS

- Customer Feedback Programs
- Go-to-Market Execution
- Product Feedback Loops
- Voice-of-Customer Analysis
- Stakeholder Communication
- Data Analysis (Power BI, Excel)
- Cross-Functional Collaboration
- Executive Reporting
- Microsoft 365 Suite

EXPERIENCE

Marketing Program Manager
Microsoft

Jun 2023 – May 2025
Redmond, WA

- Directed a 6-person team managing 5,000+ annual customer and field feedback requests, ensuring consistent SLA adherence and turning input into action across global programs
- Raised CSAT to 4.9/5 and drove a 30% YoY improvement by optimizing intake workflows and strengthening field engagement processes
- Owned Azure DevOps sprint planning and developed executive-ready reporting on program health, converting stakeholder priorities into actionable backlogs
- Led a pilot capturing video feedback from retail stores, giving engineering real-world insight that directly shaped product design decisions

Integrated Marketing Program Manager
Microsoft

May 2022 – Jun 2023
Redmond, WA

- Led cross-functional initiatives translating partner and customer feedback into messaging that accelerated time-to-market for key campaigns
- Executed scalable GTM programs aligned with product priorities, resulting in measurable pipeline growth
- Streamlined reporting using Power BI, enabling real-time insight into campaign performance and customer response
- Partnered with sales and engineering to align positioning and messaging, driving adoption of new cloud solutions
